

The Northern Bedford County School District conducts screenings and evaluations for children who are thought to be gifted and in need of gifted education. The first contact for parents would be the school counselor if there is a question about your child's abilities.

Gifted programming is operated by the school district and focuses on enrichment and acceleration activities that supplement the regular education program. Instructional services are provided through direct instruction, consultation and classroom enrichment.

Copies of the parent rights and confidentiality issues are provided to parents when the evaluation process starts.

Mr. Scott Bollman, MS/HS Gifted Teacher and Mrs. Megan Frederick, ES Gifted Teacher
