SUPERINTENDENT

2019/20 School Start

The school year is off to an excellent start thanks to our administration planning and preparing for the beginning of the year. The custodial staff did an outstanding job preparing the buildings for the year. Mr Chisholm noted how well the floors looked. Our teachers and instructional aides have done a nice job setting the tone this year for our students who are already head and shoulders above their peers in regards to respect, determination, and citizenship. I look forward every year to seeing our ladies in the cafeteria and eating the delicious food that is prepared for our 900+ students and staff.

PERKINS

A great thank you to Mr. O'Dellick working very hard with our CTC staff to determine equipment needs that can be used toward the Perkins Grant which totaled \$15,789. Also, Teri and Mr. O'Dellick spent a considerable amount of time preparing the application and refining the grant as required to secure the funding.

CYBER SCHOOL

Governor Wolf has been putting significant pressure on our politicians to fix the 22-year-old broken cyber/charter law. There seems to be a simple solution. Fix the law that allows cyber schools to bill a public school tuition rates that far exceed operating costs of those cyber schools. Below are two articles from newspapers that explains the financial pitfalls of cyber schools.

PANTHER COMMUNITY STADIUM

Work began last week on the track and should be completed minus the line painting by the weekend. The building committee will be meeting later this month to review the costs for major projects that will need addressed in the next three years.

ELEMENTARY

Back to School

The first few weeks of school have proceeded very well. Faculty and support staffs have done a great job preparing for and welcoming back our students. The beginning of the year has been filled with students meeting their new teachers, making new friends, and learning the procedures and expectations of their teachers.

Meet and Greet

Parents visited the elementary school on August 27 for Meet and Greet night. The evening allowed for parents to meet teachers, visit classrooms, understand the educational programs, and tour the building.

PTO

The Elementary PTO held their first meeting of the school year on September 3. Discussions and plans were designed for the new school year's agenda. Each year the PTO provides numerous educational extra-curricular activities for our students. The PTO meets the first Tuesday of every other month in the elementary school library.

Star Spangled Banner Day

On September 13, elementary school students will gather at the Flag Pole and sing the Star Spangled Banner in celebration of the day that Francis Scott Key penned our National Anthem during the War of 1812 (September 14, 1814). Students will also recognize a moment of silence and will recite the Pledge of Allegiance. The morning's activities are being planned by Mrs. Ann Jones, elementary music teacher.

FEDERAL PROGRAMS REPORT

Right to Know Notifications

The annual notification to parents that all professional staff is 100% qualified was delivered to parents in our "Back to School" publication. We are required to notify parents on an annual basis.

Upcoming Dates

September 10

Federal Program Coordinator Training – IU08 Altoona

MIDDLE SCHOOL

School Opening

The first three weeks of school have proceeded very well. Any necessary student scheduling revisions are being completed. Class meetings were held with all grade levels explaining the expectations and school rules. Also, the school counselors will meet with the students to explain and review the SAP Team and referral process. At this point the students have become acclimated to the school routine and procedures. The teachers are to be commended for their work with the students to help them at the beginning of the year.

Classroom Diagnostic Tests

Beginning this year, we are administering the Classroom Diagnostic Tests (CDTs) for all math classes. This diagnostic test is aligned to the PA Core Standards and Eligible Content and allows a teacher to determine each student's strengths and weaknesses. Teachers are now in the process of learning to read and interpret the reports. We will utilize various methods to address weaknesses such as direct instruction for large groups or Moby Max and Study Island on a more individualized basis. The goal is to use the CDTs to identify student needs and then focus on the needs to improve student learning and achievement.

Enrollment

The final opening enrollments for the 2019-20 school year are as follows:

Grade 6	59
Grade 7	69
Grade 8	71
Totals	199

This is a decrease of eight students over last year.

Department Meetings

Once a month, I meet with each academic department in the Middle School during our Team Planning period. This time is used for further review our data, discuss instructional strategies, make adjustments to curriculum, and discuss what is working or not working.

Meet and Greet/Grade 6 Orientation

The Grade 7 and 8 Meet and Greet night was held from 6:00-7:30 PM and the Grade 6 Orientation was from 7:00-8:30 PM on Wednesday, August 14. The attendance for Grade 6 Orientation was excellent as in previous years. The attendance for Grade 7 and 8 Meet and Greet was much better than in past years. Our plan is to follow the same format for future years.

MIDDLE SCHOOL (cont'd)

Grade 6 Dessert

Mrs. Crawford and I began our annual dessert meetings with the 6th grade students Tuesday, September 3. We meet with groups of about nine students following lunch and a "healthy" dessert prepared by Mrs. Betts' Family and Consumer Science classes. This gives Mrs. Crawford and I an opportunity to meet and get to know the grade 6 students. It also gives the students an opportunity to ask us any questions that they might have. We started the meetings over ten years ago and they have been very well received by the students.

HIGH SCHOOL

School Opening

The new school year began very smoothly in the high school. Students and staff have settled into their new schedules. Teachers have been working very diligently on establishing procedures and expectations as well as a growth culture for all students. We continue to strive for high expectations in academic and behavioral excellence. The support staff and professional staff members are commended and thanked for their part in the successful start.

Canvas

Canvas is in its second year of implementation in the middle school and high school as a Learning Management System (LMS). Positive feedback has been received from parents, teachers, and students regarding its ease of use and effectiveness. In fact, one teacher shared a success story of a student completing class assignments, as posted on Canvas, even when the student was absent from school the day the instruction was delivered. Teachers continue to learn and grow with Canvas as they expand the learning opportunities for their students.

School Wide Positive Behavior Interventions and Supports (SWPBIS)

The SWPBIS program is in its third year in the middle school and high school and is off to a great start. In year three students are taking more ownership in the program as we continue to develop student leadership throughout the district. To date the SWPBIS program has reduced the number of overall all discipline referrals and increased the daily attendance rate of students in the middle school and high school. Conversely, our protective factors in terms of providing interventions and supports to students have increased since the program's inception. Additionally, we have observed an increase in teachers providing positive praise and recognition to reinforce our students' academic and behavioral expectations. The student leadership team continues to be the driving force behind our outstanding academic and social school culture. We continue to promote and embrace a positive learning environment with high expectations for all.

School Counselor Update

September – Suicide Awareness Month. Students in grades 9 and 10 will receive Signs of Suicide (SOS) training through the guidance department in collaboration with Bedford Developmental and Behavioral Health Services.

September 11 – All grade 9 students will be attending the Bedford County BASICS Career Fair at the Bedford County Airport. Students will complete an assignment based on information gathered at the event and will apply what they learned as part of their Career Portfolio requirements.

September 17 – PHEAA's financial aid program has been scheduled for 6:30-8:00 PM in the high school auditorium. Parents of juniors and seniors are invited to attend.

October 1 – Junior and Senior College Fair at the Omni Bedford Springs.

HIGH SCHOOL(cont'd)

School Counselor Update (cont'd)

October 4 - JLG Industries Manufacturing Day Tour and Presentation. Students in the automotive classes and any other students interested in a related career field will be participating in an open house tour and presentation at JLG industries Manufacturing Day in conjunction with the five Bedford county school districts.

Youth Leadership Bedford County (YLBC)

The mission of YLBC is to endow youth with the knowledge and ability to become confident leaders as well as gain an understanding and appreciation of the business community of Bedford County and the career potentials herein. YLBC is a ten-month leadership training program for a select group of 24 Bedford County high school sophomores. The following NBC sophomores have applied to the program and will be participating in the 2019-20 leadership program: Clara Frye, Jaida Pensyl, Jay Reed, and Madison Walker.

Senior Keystone Remediation and Retesting

Seniors who did not score proficient or advanced on the keystone exams have begun remediation. These students will re-take the individual Local Assessment in which they were deficient in between Thursday, October 24 through Monday, October 28.
